ABOUT SONA

Sona College of Technology has achieved global identity through its involvement in research in recent technology and successful completion of projects and products. The college is known for its rich tradition and high values bestowed upon by its Founder Chairman, Thiru. M.S. Chockalingam. The college is awarded with "AICTE-CII Award for Best Industry-Linked Technical Institute in India consecutively for 6 years from 2014 to 2019" and acclaimed 'A++' grade by 'NAAC' that stand testimony to the commitment of the college to impart quality education. Sona is a proud recipient of "Entrepreneur Award" from MHRD, New Delhi, for Emerging Global Destination for education. With 36 advanced research centres, Sona College undertakes cutting-edge multidisciplinary research and has contributed to high-profile national missions such as Chandrayaan-3, Gaganyaan, and the Bahubali mission, underscoring its strong national impact and global outlook. Sona College of Technology is equipped with world class infrastructure, highly qualified and experienced faculty members, and an active Placement Training and Welfare Cell.

ABOUT THE DEPARTMENT

The Department of Computer Science and Engineering (CSE) at Sona College of Technology is committed to excellence in education, research, and innovation. Accredited by the National Board of Accreditation (NBA) for six years, the department offers five undergraduate programs and one postgraduate program, providing students with a strong foundation in core computing concepts and emerging technologies. Supported by experienced faculty, modern laboratories, and active industry and research engagement, the department fosters skill development, academic excellence, and global competitiveness, while encouraging innovation and practical learning, exemplified by the AIML team ICONIC FORCE, which won First Place in the Smart India Hackathon 2025 – Hardware Edition for their Intelligent Pesticide Sprinkling System.

ABOUT THE CONFERENCE

ICCISS 2026, organized by the Department of Computer Science and Engineering, Sona College of Technology, in collaboration with Universiti Tun Hussein Onn Malaysia (UTHM) and partnered with Chettinad Academy of Research and Education (CARE), provides an international platform for researchers, academicians, and industry professionals to present and discuss recent advances in computational intelligence, security, and intelligent systems. The conference covers theoretical and applied research in AI, machine learning, data analytics, cybersecurity, IoT, cloud and edge computing, blockchain, and cyber-physical systems. It features keynote lectures, invited talks, and peer-reviewed paper presentations, fostering collaboration, innovation, and high-quality research.

CALL FOR PAPERS

The topics of interest for submission of paper include, but not limited to:

- Computational Intelligence and Artificial Intelligence
- Machine Learning, Deep Learning, and Explainable AI
- Data Science, Big Data Analytics, and Intelligent Computing
- Cybersecurity, Cryptography, and Post-Quantum Security
- Quantum Computing, Quantum Communication, and Quantum Cryptography
- Blockchain, Distributed Systems, and Secure Applications
- Internet of Things (IoT), Industrial IoT, and Smart Systems
- Cloud, Edge, and High-Performance Computing
- Cyber-Physical Systems, Robotics, and Intelligent Automation
- Smart Applications, Sustainability, and Interdisciplinary Research

Papers describing the original research in any of the above topics and related works are welcome.

CONFERENCE PROCEEDINGS AND PUBLICATION

ICCISS 2026 invites original and unpublished research papers presenting novel theoretical contributions, practical implementations, and experimental results in computational intelligence, security, and intelligent systems. The conference brings together researchers, academicians, and industry professionals to exchange ideas and discuss recent advances and future research directions. All submissions will undergo a rigorous peer-review process. Accepted papers must be revised in accordance with reviewers' and publishers' guidelines. Subject to recommended revisions and publisher norms, all accepted papers will be published in reputed conference proceedings and Scopus-indexed journals at no additional cost.
